No unbleached ashes shall be kept in wooden vessels nearer than 30 feet to the insured buildings, unless in brick or stone ash house. All fire or chimney boards shall be made of iron or other metal.

If a stove or stoves be used, pipes passing through floor or partition shall be secured with an earthen collar or metallic cylinder, or otherwise sufficiently secured; and if pipes pass into flue on upper story it shall be with an elbow, and the flue shall be built with brick, laid flat. No stove pipe shall pass through the side wall or roof, or enter a flue from the bottom.

No risk will be taken on a building containing fire-clay flue, whether glazed or unglazed, unless surrounded with brick.

Inform the applicant that he will be bound by the application, and if the risk be more hazardous than appears from his statement the Company will not be liable in case of loss.

The undersigned hereby affixes his, her, or their name to the Charter, Constitution and By-Laws of the Company, as a member thereof.
